ANNOTATION REGARDING DECISION

Of the Standing Committee on Technical Science and Military Studies regarding the evaluation results arising from the Programme Accreditation Procedure of the Doctoral Programme in Power Supply and Electrical Equipment from the professional field 5.2 Electrical Engineering, Electronics and Automation at Ruse University “Angel Kanchev”

The procedure was opened by the Standing Committee on Technical Science and Military Studies on 08.05.2014 at the request of the University (incoming № 342/30.04.2014). The expert group approved by the AC on the 02.04.2015 carried out an assessment of the institution under evaluation in the period 26.05 - 29.05.2015. During the meeting which took place on the 17.07.2015 the Committee approved the report of the expert group and as a result of the findings of the report issued a decision relating to the Programme Accreditation Procedure under review. The decision reflects the findings and assessment relating to the conformity of the presented evidence with the criteria under the procedure. In evaluating the criteria measures in the activities under review (education, academics, scientific potential and results, existence of facilities and information resources to support research and artistic accomplishment of doctoral students and ensure the programme's competitiveness), the Standing Committee used the rating scale of ENQA. Verbal evaluations of the criteria measures are “significant conformity” and “full conformity” respectively and are in combination and correlation with evaluations under Art. 79, para. 1 of the Higher Education Act.

After summarizing the results of the vote based on the Voting Rules for Accreditation and Project Evaluation Procedures adopted by the NEAA Accreditation Council, on 17.07.2015 the Standing Committee on Technical Science and Military Studies took the following DECISIONS:

1. It grants programme accreditation to the Doctoral programme in Power Supply and Electrical Equipment from the professional field 5.2 Electrical Engineering, Electronics and Automation at Ruse University “Angel Kanchev” on the basis of the overall rating of 9.52 (nine point fifty two).
2. The accreditation is granted for the period of SIX years.

Chairperson of the SCTCMS:
(Prof. Dr Racho Ivanov)
